## Personal Statement

---

An Enthusiastic and Career driven Electrical and Electronics Engineer, motivated by a strong will for problem solving through team work and consistent research. Experienced in computer hardware and network maintenance underpinned by CompTIA A+ Certification. Special interests in cloud computing, information security and Internet of Things aimed at boosting efficiency in this technological age.

## Key Skills

---

- Proficient in computer hardware/Software troubleshooting, Microsoft Operating System, Linux OS, Microsoft Sever 2012, Cloud Computing and network topology whetted by CompTIA A+ Certification. (November, 2018)
- Cisco Certified Network Associate (CCNA) (Anticipated May, 2019)
- Proficient in Soldering and Troubleshooting of Motherboards.
- Proficient in residential and industrial house wiring design and implementation.
- Proficient in all areas of Microsoft Office, including Access, Excel, Word and PowerPoint
- Excellent communication skills, both written and verbal

## Employment History

---

### **Electrical Services Technician, Nigerian Ports Authority, Marina, Lagos State (NYSC)**

*(February 2018 – December 2018)*

Achievements and responsibilities include:

- Installed newly purchased lighting fittings in replacement of old, bad lighting fittings.
- Replaced faulty electrical socket outlets with good ones.
- Gave technical advice to co-workers on making use of the correct socket outlets, like, not plugging in a photocopier on an inverter socket, to avoid switch trip off.
- Monitored the synchronization of three 1MVA Mantracat generators.
- Processed Bills of Engineering Management and Evaluation for the different electrical Engineering contracts done in the department.

### **Computer Services Technician, Computer Solutions, Uli, Anambra State, Nigeria.**

*(January 2017 – December 2017)*

Achievements and responsibilities include:

- Provided technical assistance and support to customers on best computer self maintenance practices to foster their computers' durability.
- Orchestrated and Participated in Computer hardware Maintanances which includes; Replacing of computer Motherboards, Replacing of Computer Memory Modules/ increasing of the Momory modules when nessecary, Replacing Laptop LCD screens, etc.
- Orchestrated and Participated in Computer Software Maintenance which includes; Addressing of Operating System boot issues, Drivers Issues, installation of

Operating systems on new machines and performing a custom format on old machines. Etc.

**Quality Assurance Staff, Cutix Cables Plc, Nnewi, Anambra State, Nigeria.**

*(June 2016 – December 2016)*

Achievements and responsibilities include:

- Performed quality checks on the raw copper wire of 8mm Before drawing into different sizes is started.
- Monitored several wire stranding processes to ensure a perfect output.
- Monitored several cable extrusion processes to ensure a perfect output.
- Performed tests on finished cables; tests performed includes; High voltage test, Resistance test, Mechanical tests. e.t.c performing proper documentation of the observations during the cable monitoring and tests.

## **Education**

---

**Anambra State University, Uli.**

*(September 2012 – June 2017)*

B.Eng, Electrical/Electronic Engineering

Graduated with a CGP of 4.08

**Holy Ghost Academy, Amaokpala, Anambra State, Nigeria.**

*(September 2006 – June 2012)*

9 WAEC Including Maths, English, Physics, Chemistry and Biology.

## **Hobbies & Interests**

---

Choral singing and playing of the keyboard. I also enjoy playing badminton game and chess.
